

Case Study: **Admiral Quay Apartments**

Location: **Ocean Way - Southampton**
 Project Value: **£850,000**
 Duration: **Jan - Sept 14**

The south coast was the prime position for this landmark project. The £48.5 million contract consisted of a 24 storey contemporary apartment tower, as well as 2 smaller residential towers at 12 and 8 storeys.

This development will include 299 private flats, and 2,800m² of space for retail and restaurants.

The Admiral quay project was designed for comfort, using wide open spaces and light airy décor to its advantage. The use of solar controlled glass, ventilation and air conditioning was introduced to minimise heat retention during the summer months.

Datim were pleased to manufacture and supply over 2900 internal fully finished Doorsets, plus 33 no C5 Marine Grade powder coated steel external doorsets for this project. Included within Datim's package were the automatic swing door operators fitted to the main entrance.

Our high quality doorsets and ironmongery combine effortlessly within the projects contemporary design.
